We are so happy to be standing here on this stage as proud country Texas women supporting and celebrating the one and only vice president Kamala Harris, a woman who's been pushing for what this country really needs right now. Unity. It's impossible not to feel the energy in this room, the positivity, the community, the humanity.

We are at the precipice of an incredible shift, the brink of history.

I'm not here as a salute celebrity. I'm not here as a politician. I'm here as a mother.

Beyoncé

00:01:11

A mother who cares deeply about the world. My children and all of our children live in a world where we have the freedom to control our bodies. A world where we're not divided. Our past, our present, our future merge to meet us here.

Beyoncé

Imagine our daughters growing up seeing what's possible with no ceilings, no limitations. Imagine our grandmothers. Imagine what they feel right now. Those who have lived to see this historic day, even those who are no longer physically with us, imagine all of their sacrifice. The sacrifices made so we can witness the strength of a woman standing in her power, reimagining what leadership is for all the men and women in this room and watching around the country.

We need you.

Beyoncé

00:02:28

Your voice has power and magnitude. Your vote is one of the most valuable tools and we need you. Your freedom is your God given right, your human right.

Beyoncé

Everybody say Texas. Texas plays a pivotal role to change the course of our future. Texans and Houstonians from third ward, River Oaks, Sugar Land, fifth ward, Ailey Memorial, Southwest side, north side, all the way down to most city.

Beyoncé

00:03:19

We all have a role to play to make this a reality. We're all part of something much bigger.

We must vote and we need you. It's time to sing a new song.

Beyoncé

00:03:37

A song that began 248 years ago. The old notes of downfall, discord, despair no longer resonate. Our generations of loved ones before us are whispering a prophecy, a quest, a calling, an anthem. Our moment. Right now.

Beyoncé

00:04:02

It's time for America to sing a new song. Our voices sing a chorus of unity. They sing a song of dignity and opportunity. Are y'all ready to add your voice to the new American song? Because I am.

Beyoncé

00:04:22

So let's do this. Ladies and gentlemen, please give a big loud Texas welcome to the next president of the United States, Vice president Kamala Harris.
