Donald Trump - 96.86%

Tape - 3.14%

Notes:

Summary by ChatGPT

- Critique of Biden and Harris Administration: Trump accuses Biden and Harris of viewing American citizens as "garbage," arguing that they lack respect for Americans and are incapable of leading the country effectively.
- Border and Immigration Policy: He emphasizes that the administration's open-border policy allows criminals and dangerous individuals into the U.S., claiming it has led to a crisis that is deteriorating the country's safety.
- Portrayal of a Failing Economy: Trump criticizes the current economic situation, discussing inflation, job loss, and economic instability, which he claims has harmed middle-class and senior citizens and weakened America's global standing.

- Call for Political Change: He urges his supporters to "stand up" against the current administration, asserting that a vote for him will help "turn the page" on the alleged failures and restore America to its previous greatness.

- Endorsements from Public Figures: Trump highlights endorsements from well-known figures such as RFK Jr., Elon Musk, and Buzz Aldrin, portraying these endorsements as evidence of a broad coalition and support from diverse groups, including the police and Border Patrol agents.

Donald Trump

00:00:00

Thank you very much, everybody. And I have to begin by saying 250 million Americans are not garbage. This week, Kamala has been comparing her political opponents to the most evil mass murderers in history. And now, speaking on a call for her campaign last night, Crooked Joe Biden finally said what he and Kamala really think of our supporters.

Donald Trump

00:00:35

He called them garbage. No way. No way. And they actually mean it. Even though, without question, my supporters are far higher quality than Crooked Joe or Lion Kamala. Higher quality. Higher quality. My response to Joe and Kamala is very simple. You can't lead America if you don't love Americans. It's true. You can't be president if you hate the American people, which I believe they do.

Donald Trump

00:01:15

And Kamala Harris is not fit to be president of the United States. In no way is she fit. She doesn't have the intellect, the stamina, or that special quality that real, uh, leaders, people like, uh, Brett Favre have. They don't have it. They don't have it. They don't have what he's got. Few people do.

Donald Trump

00:01:41

To be honest with you. Joe Biden's comments were the direct result of Kamala's decision to portray everyone who isn't voting for her, which is a lot of people, as evil and subhuman. And we know it's really what they believe, because look at how they've treated you. Uh, they treat you like garbage. They treat our whole country like garbage.

Donald Trump

00:02:03

With open borders, with all of the horrible things they've done to hurt our country, inflation. That should have never happened. Allowing Russia to go into Ukraine October

7th and Israel. All of these things would have never happened if you had a different president. For the past nine years, Kamala and her party have called us racists, bigots, fascists, deplorables, irredeemables, Nazis.

Donald Trump

00:02:37

And they called me Hitler. They bullied you. They've demonized us. They've censored us. They've deplatformed us, and they weaponized the power of our own government against all of us. They've taken your money. They've thrown open your borders to criminals and terrorists. They've flooded your towns with deadly drugs and death. They're incompetent people.

Donald Trump

00:03:03

They've given your jobs to illegal migrants and sent our blood and treasure to fight in stupid foreign wars where the countries don't even know who we are and where we've never heard of the country. This Tuesday is your chance to stand up and declare you are not going to take it anymore. Six days from now, we can Turn the page for forever on this failed and corrupt administration.

Donald Trump

00:03:38

It's a corrupt administration. You do know that we can declare once and for all that we are done with their hatred. We're done with their, uh, hysteria. We're done with their hoaxing, lying, cheating, scheming, plundering and stealing. Oh, they steal. They steal. We're not going to let them divide and destroy America any longer.

Donald Trump

00:04:07

What we have built is the biggest, broadest, most incredible coalition and the greatest political movement in the history of our country. It's made up of hardworking men and women who make this country run, who really built this country originally. We have brought together veterans and union members, soldiers and steel workers, farmers and autoworkers, and patriotic moms and dads of every race, religion, color and creed.

Donald Trump

00:04:43

We're welcoming historic numbers of African Americans, Hispanic Americans, Asian Americans and Arab Americans. And we're uniting Christians and Jews, Catholics and evangelicals, Muslims and Mormons and everyone who simply wants to do one thing, make America great again. Thank you. Our campaign has been endorsed by the 400,000 members of the Fraternal Order of Police and every single police group all around our country.

It's been endorsed by the Border Patrol. We have the greatest people that Border Patrol. Those agents are incredible. They've given me the strongest endorsement you've ever heard. The greatest president ever, they said. And they said, she is the worst person we've ever worked for. She, in four years, never called us one time about the border.

Donald Trump

00:06:07

And it's destroying our country, the border. So I want to thank the Border Patrol. I want to thank ice. I want to thank ice. They're incredible people. We've been supported by the rank and file membership of the Teamsters. 62%. Think of that. By our beautiful and very brilliant Elon Musk. Do we love Elon Musk?

Donald Trump

00:06:39

All I know is when that rocket ship came down last week, I said, oh, this is going to be terrible. It's going to crash. Look. Oh, it's going to crash. It was coming down this way, and then those jets kicked in. The fire was pouring all over the place. I said, what's going on?

Donald Trump

00:06:55

And all of a sudden, it started to be perfect. Straight dropped down. Then those arms grabbed it like you grabbed your little baby. Grabbed it. And I said, who the hell pulled off that? I thought it was a science fiction movie, actually. I called up Elon. I said, uh, Elon, was that you?

Donald Trump

00:07:14

He said, that was me. I said, that's why we love you, Elon. I said, can Russia do that? No, they can't. Can China do that? Nope, they can't. Can the US do it other than you? No, they can't. And they say, well, special guy, right? Special guy. Special guy. And we're endorsed also by a very brilliant and wonderful man.

Donald Trump

00:07:42

And it took a lot of courage for him to do this. As you know, their family is slightly Democrat for the last long period of time. RFK Jr. Robert F. Kennedy. And he's going to be with us and he's going to make sure our food is safe, our people are safe, our women are safe.

Donald Trump

00:08:11

The only thing I don't think I'm going to have him get involved with much is the liquid gold under our feet. I want to say, look, Bobby, we got a lot of liquid gold and I like it better than he does, but I'm going to give him a lot. Just take care of everybody's health and he'll do a great job of it.

He's really a very special guy. Special. And Tulsi Gabbard, respected by everybody. She just signed on and endorsed me and became a Republican. She just became a Republican. And another one is Buzz Aldrin. Now, I didn't realize this. I had respect for him for many years. Great astronaut, great person, highly respected. And I said, you know, he'd be good, but, uh, what's the big deal with Buzz?

Donald Trump

00:09:04

I said, sir, he just endorsed you and he's never done that before. Wow. I said, listen, I want to mention his name and I want to give a special thanks to a man that you may not have heard of, Brett Favre and his great family. What a beautiful boy. What a beautiful family.

Donald Trump

00:09:50

But this is a special guy, man. Does he have a hand? You know, this guy shook my hand. His fingers are like sausages. No wonder he can throw the bull sword. There was nobody like him, really. I've watched him throw those 500 yard games like it was nothing. He was flinging it, he didn't throw it.

Donald Trump

00:10:08

He. Thank you, Brett. What a great honor. What a great champion. What a great champion. And what a beautiful boy and family, incredible wife. Thank you, darling, very much. Great honor to have you. Thank you, Brett. And I came in, I went on to play and I'm watching and I heard him get applause.

Donald Trump

00:10:30

And I'm a little upset because I think he got bigger applause than me. And I'm not happy he got bigger than me. Thank you, Brett. Thank you, everybody. Isn't it an honor to have. Unbelievable. Kamala and Joe call all of us and them, even them garbage. I call you the Heart and soul of America.

Donald Trump

00:10:58

You are the heart and soul. You built our country. You know, you built our country. You built it far more than they built it, I can tell you that. You built it. And by the way, I want to thank all of our incredible sanitation workers all across America because they work hard. They really do work hard, and they do an incredible job.

Donald Trump

00:11:31

And they don't get the credit they deserve, like our police, like our firefighters, like so many others, they don't get the credit. But everybody knows we love them and everybody knows they deserve the credit. And they will get the credit. And with us, we appreciate

them. With the help of everyone here today, on November 5th, we're going to bring back our country and we're going to bring it to levels of greatness that nobody actually thought even possible.

Donald Trump

00:11:56

We're going to do that. November 5th is going to be the most important day in the history of our country. I believe that. Because we are in a country right now that's in serious decline. And we're not going to let the country decline. We're going to. We're in a failing country. We're in a country that's being laughed at all over the world by other leaders.

Donald Trump

00:12:20

They laugh at our leaders. We're not going to let that happen anymore. That didn't happen four years ago. So while we're running a campaign of solutions to save America and America, which they have virtually destroyed during their almost four year period of rule, Kamala Harris, a very low IQ individual, is running a campaign of hate, anger and retribution.

Donald Trump

00:12:52

She spends all of her time complaining about everything but does nothing about it. She talks about the border, but why didn't she do it three and a half years ago? She talks about all these things. We're going to help the environment. Why didn't she do it? We had the best environment, by the way.

Donald Trump

00:13:10

We had the cleanest water and the cleanest air at any time in recorded history. She talks about what she's going to do about inflation, which has destroyed our senior citizens and our middle class. What they've done. You know, I had no inflation and we had the best economy in history. That's a nice combination.

Donald Trump

00:13:36

But she did nothing about it or what she's going to get. She's going to talk about how she's going to get the economy going. Oh, I watched her last night. I watched her. Oh, I'm going to get. She didn't say anything. She said, I'm going to get the economy, but she didn't say how.

Donald Trump

00:13:52

I said how I Said, we're going to bring companies in. We're going to protect those companies. They're going to take advantage of all of the things that we're doing. They're going to hire people at numbers that you wouldn't even believe. We're going to have

hundreds and hundreds and even thousands of companies coming in to our country.

Donald Trump

00:14:09

And I will use a thing called the most beautiful word to me ever. Ever. Not quite. Well, let me say this. How about third? Let's put religion number one and love number two. And then, and then we'll put the word tariff. Number three. Tariff. They're going to have to pay us to come in and use our wealth and take our jobs and do what they've done.

Donald Trump

00:14:42

But nobody ever did that except me. China paid us hundreds of billions of dollars. They weren't happy, but I still got along with them very well. And, uh, then Covid came, and I wasn't happy. That was a bridge too far. But we had the greatest economy in the history of our country. We took in hundreds of billions of dollars from China, China and others.

Donald Trump

00:15:03

And we were just getting started. But remember this? Kamala and Crooked Joe head up, uh, the worst administration in the history of our country by far. He's the worst president in the history of the usa, and she is by far the worst vice president in the history of the usa. Remember five months ago, they said you couldn't even think about using her.

Donald Trump

00:15:35

She's grossly incompetent, right? Then all of a sudden, they wanted to get politically correct, and they chose her above 12 other people that frankly, were much more capable. But what they did to Biden, and I'm no fan of his, but you know what? The rumor is? He likes me more than her. Can you believe that?

Donald Trump

00:15:53

He likes me. He likes me more. But their administration makes Jimmy Carter's administration look absolutely brilliant. And in all fairness to Jimmy, he didn't let 21 million people pour into our, uh, country with thousands and thousands of criminals and murderers and drug dealers, people from mental institutions. They're emptying out. Think of this.

Donald Trump

00:16:27

They're emptying out mental institutions from all over the world. From the Congo, in Africa. They're all over the world. From Asia, from the Middle east, from South America. They're emptying their jails. Think of that. They're emptying their jails. They're emptying their mental institutions and insane asylums into the United States of America. And these two stupid people allow it to happen.

13,000 plus murderers, many of them, committed more than one murder. And they're walking around in our country free and clear to kill again. And they will. They'll kill many times. And last night, Kamala made, uh, a speech with a lot of paid audience. They had a lot of paid audience. They came in buses.

Donald Trump

00:17:22

The same buses. All those same buses. You know what that means? They bus people in. We didn't bus any people in here. We could have sold this place out four times. No, they come in. They bus them from someplace. They pay them or something. They bus them in with every bus. Beautiful bus company.

Donald Trump

00:17:41

I will say they did a nice job. Uh, bus after. And then they. And then they leave. They leave before she finishes. But listen, the worst was, uh, four nights ago. They got Beyonce. Oh, um, Beyonce. They got Beyonce. They said, ladies and gentlemen, they said, beyonce is coming to sing. And she came, but she didn't sing.

Donald Trump

00:18:05

And then Kamala came on as Beyonce was leaving without singing even one song, and they booed the hell out of both of them. But we don't need Beyonce. We don't need anybody. All you got is me. And I don't have a guitar. I do not have a guitar. But if you look outside, you could have sold this big arena out four times.

Donald Trump

00:18:36

And at Madison Square Garden the other night, you could have sold that great, incredible look. Madison Square Garden, msg. The greatest. I think the greatest, right? It's got to be. It's Mecca for the great championships in the history of Madison Square Garden. They told me, Jim Dolan, everybody. They fantastic the job they did for us.

Donald Trump

00:18:58

So Sunday night, they said, you could have sold this thing 10 times. We've never seen in all of those years, they had crowds of people, and I don't mean lines. I mean massive groups of people all the way back down to the Hudson River. We could have sold it out 10 times. And that's just based on what we're saying.

Donald Trump

00:19:21

But she spoke last night, and it was boring as hell. But I have an obligation to watch it, you know, because she's our competition. We have to win. We can't take it. They would destroy this country if they won this thing. They would Destroy. You'd have 300 million people

coming through, not just 21.

Donald Trump

00:19:42

Can you imagine open borders policy for the entire world, for every criminal in the world? But she talked last night, and all she talked about was Donald Trump. Good evening, everyone. Tonight I will speak about Donald Trump. Donald Trump. Donald Trump. Donald Trump. Donald Trump. Donald Trump. Donald Trump. Donald Trump. Donald Trump. Donald Trump.

Donald Trump

00:20:06

Donald Trump. Donald Trump. Donald Trump. Donald Trump. Donald Trump.

Tape

00:20:10

Donald Trump.

Donald Trump

00:20:11

Donald Trump. Donald. Trump. Trump. That's all she talked about, because she and Joe have absolutely no achievements. They only have failure and gloom and death and death. Look at the death they've caused in Afghanistan. Look at that. Look at the death they've caused at our border. And you'll see that. You'll see that they're what they've done.

Donald Trump

00:20:51

They've been so bad, we have to get them the hell out fast. She suffers from a very serious disease known as Trump derangement syndrome. But many Democrats do. And you know why they do? Because we're winning. We're winning. We are winning. So this Tuesday, you have to stand up, and you have to tell Kamala that you've had enough.

Donald Trump

00:21:23

You can't take it anymore. You're the worst vice president. You're the worst border czar. There's never been anybody bad like you. Kamala, you're fired. Get the hell out of here. Get out of here. Thank you very much. So this outfit, you know, is, uh. When he called us all garbage. How stupid. What a stupid word.

Donald Trump

00:22:11

That blows deplorable away, don't you think? Of course, I thought irredeemable. When she said deplorable or irredeemable, I thought irredeemable was actually worse. But deplorable seemed to catch up. But this garbage stuff blows it away. So I'm in this beautiful plane. I'm enjoying myself. I have a wonderful suit on. Um, and one of my people came in and said, sir, you know, the word garbage is the hottest thing right now out there.

The hottest thing out there. Sir, would you like to drive a garbage truck now? Uh, we're about, you know, 30 minutes from landing. We had to do this pretty quick. I said, it's sort of cool, though, isn't it? Because, you know. And I said, you know, I think that's okay, but, you know, I don't feel comfortable wearing a suit.

Donald Trump

00:23:15

And they pulled up this garbage truck. I don't know how the hell they did it so fast. I have very capable people. They put a big sign on the truck. Did you see it? I think they showed it to me. And then they said, sir, we have a vest. I said, wow, should I leave my suit on and put it over the vest?

Donald Trump

00:23:41

But that doesn't look very good, right? That doesn't look good. So I said, all right, look, let me take it off. And then I actually said, I climbed into the truck, but here's the. So I said, how the hell do you get into this truck? It's way up high. It's a big one.

Donald Trump

00:23:54

This was a beauty. I said, you didn't have to buy it that big, right? You have to get it that big. They brought this brand new gorgeous truck. Wonderful driver. He looked like Cary, uh, Grant in his prime. You know who that is? This beautiful driver. And he drove that big thing up.

Donald Trump

00:24:11

And I said, man, this is bad, because now I have all the cameras. They're all watched. Look. Look at all the fake news. There were most of them now. Most of them. Many of them were there. And I'm saying, oh, boy, you know, one little mistake with these guys and your political career is over.

Donald Trump

00:24:34

You can't even. So I said, man, if I don't get up there, this is going to be very embarrassing. These stupid people, they'll say, he's cognitively and physically impaired. And I can't do that when I'm alongside of this great athlete. I gotta get up to that. So, look, so the stair. The first stair is, like, up here.

Donald Trump

00:24:59

I'm saying, shit. So I had the adrenaline going and I made it. I made it. And then I gave a little news conference from the front of the. You know, they asked their wise guy questions and everything. And then, uh, we drove about two feet. I got out, got, uh, into the plane, and then I got in the car, and I'm driving over here, and I have this still on.

Um, and I come into the arena and I say, where's my jacket? I want to get out of this thing. And they said, it would be unbelievable if you could wear it on stage. I said, and I said, no way. I got 25,000 people standing outside. I got all these people here. Uh, there's no way I'm wearing it on stage.

Donald Trump

00:26:11

They said, oh, okay, sir. I said, get me my jacket. But if you did, you know, it actually makes you look thinner. I said, and they got me. I said, I want to wear it on stage. When they said I look thinner, I said, in that case, I'll wear it on stage. I may never wear a blue jacket again.

Donald Trump

00:26:42

I may go. I may go in this. I said that. That was my. That was the word. That was the key, sir. You look thinner. So anyway, so we had a little fun about a very serious subject. We had a little fun about a time where a country. Country is not having a lot of fun because we're not doing well as a country.

Donald Trump

00:27:02

But we're going to be doing well very shortly. I promise you that. And I guess you've been reading and seeing the news. It's big Stuff that's all they talk about now is the election. Boy, six days, five days. But we've set an all time record in early voting. And the Republicans have set the highest record they've never even come to.

Donald Trump

00:27:30

And for you that want to know, tomorrow is the last day for you right here. We've been doing great. This is a great state. This has always been. Remember this when you're getting ready to pull that lever. I gave you a boat contract just before I left. And, uh, this contract, you know where, right?

Donald Trump

00:27:50

I gave you. Correct, I gave you. And you're building the most beautiful boat. And I'll tell you what, you're doing a great job. They're doing a great job. But everybody in the country wanted that contract. It's a big navy contract, like 28 ships. They're really like yachts. They're like beautiful yachts with a lot of guns on them.

Donald Trump

00:28:09

A lot of guns and weapons. And I, you know, I'm a very, uh, I'm a guy. I love beauty. Oh, I love beauty. So I took that chip and I designed the bow a little bit differently. I said, no, it's got to have more of a point. It was like. And they were great and they're building it and it's

been so successful.

Donald Trump

00:28:31

It's the most beautiful thing. But I took a lot of heat from other states because everybody wanted that contract. One of the biggest contracts we've given out in a long time for ships, and they're doing a great job. But you better remember Wisconsin. I gave it, I gave it to you. I wanted to give it to you.

Donald Trump

00:28:56

No, I'm a very visual person, you know, I'm very visual. I don't know if that's good or bad, but it can't, uh, help that. And I sort of wanted to redesign it a little bit. And we did, and they were great. They said, well, let's go. And then they looked, they said, you're right, this does look better.

Donald Trump

00:29:12

It's gorgeous. It's really good. So tomorrow is the last day to request a mail in ballot. And you still have a few more days to do early in person voting. But the main thing is to get everyone out and vote, vote, vote. We're going to vote, vote, vote. And you know, we've had tremendous crowds.

Donald Trump

00:29:35

I've been up here probably four or five times already. You got me work in Wisconsin. I mean, what the hell do I need this for, right? Do I need this? If it wasn't for bread, I would not have done this. Okay? No, but look, look, I've been up here four or five times.

Donald Trump

00:29:52

We had one area, small area, beautiful, uh, area, actually, but small. And they wouldn't give us enough Secret Service. We had 71,000 people. We ended up in a room with 900. So we have 71,000 people. You saw that about a month ago. 71,000 people. I had a room like a basketball court for 900 because they don't want to take care of us.

Donald Trump

00:30:15

But it's been getting better and better. It's a little dangerous being president. I will tell you. This is a. I didn't think about that, but, uh, I could tell the story that a race car driver, you know, a race car driver, 1% of 1%, right? 1/10 of a percent, but 1% of 1%, very little bull riders.

Donald Trump

00:30:38

I think that's a slightly dangerous profession. A little bit more than a race car driver, but

very little. Much less than 1%, a president. I don't want to tell you the percentage, but this is a very dangerous profession. And if I had to do it again, I would have done it every, every single time.

Donald Trump

00:30:59

Because we're going to make America great again. And if we win Wisconsin, I don't know if, you know, it's very important, you, first political state, actually. But if we win Wisconsin, we win the whole thing. We're going to win the whole thing. And we've always done well up here, so it's great. And we love it.

Donald Trump

00:31:40

And we love being here, actually. So together, we're going to defeat Kamala Harris, and we're going to win back that beautiful White House. And it's going to happen very quickly. And, uh, if you think of it, Kamala Harris cast the deciding votes that launched the worst inflation in the history of our country.

Donald Trump

00:32:00

She cost the typical American family over \$30,000 in higher prices. And now Kamala wants to raise the typical family's taxes by \$3,000 a year. Congratulations. But if I win, we will rapidly defeat inflation, and I will make America affordable again. We're going to make it affordable. We've got to bring those costs down.

Donald Trump

00:32:27

They call it groceries. Bacon, lettuce, tomatoes. Oh, everything is so much higher than it ever was. And we're going to bring that down, and we're going to do it very simply. We're going to drill, baby, drill. We're going to bring the energy down, and everything's going to come down. I will massively cut taxes for workers and small businesses all over the country.

Donald Trump

00:32:54

And we're going to have something that really has turned out to be quite good. You know, in Nevada, we're winning. In Arizona, we're winning by a lot. We just got a in. I won't tell you which ones, but in certain states, they've already pulled their advertising because they don't want to win. That were so far ahead.

Donald Trump

00:33:12

Were so far ahead. So we're going to get the taxes down for. And, um, she's raising your taxes. Remember that. Everything she says is a lie. She lies. If I say, look, you all know I'm a big fracker, okay? I never said we're won't frack. I'm a driller, and I'm a fracker. She's not a

fracker.

Donald Trump

00:33:39

She has a commercial that says he doesn't want to frack. The exact opposite. Boy, what liars I've never had. Even crooked. Hillary wasn't this dishonest, and she was damn bad, but she wasn't, uh, dishonest like these people. Well, I think they're desperate. They said things. I see these ads. It's the exact opposite.

Donald Trump

00:34:00

It's like her policies used to be before she changed them a year. She changed 15 different policies. You know, if you're a politician, you might get away with one, but 15 policies. She loves transgender operations all over the place. Everybody should have one. She loves men playing in women's sports. Isn't that great?

Donald Trump

00:34:27

And she loves open borders where people can pour into our country. But now she's changed that. About a year ago, she changed it. And so good, in fact, I think I'm going to send her your MAGA hat. Can I have your MAGA hat? Are they the greatest? Is that the greatest? It's like a sea of red.

Donald Trump

00:34:53

Except. Except for Elon. Elon had the black hat, right? And I didn't even know we had a black hat. And he shows up in a black hat. Make America. And the letters were black. It was very subdued. And I said, Elon, where'd you get that hat? He said, it's dark Maga. He called it dark Maga.

Donald Trump

00:35:15

And he wore it. He wore it to Butler. He wore it in Pennsylvania. One of the great, uh, nights we had 107,000 people show up for Corey the Firefighter Butler PM and Elon wore it, and he had such a good. You know, he spends all the time in these labs and stuff. It's, like, crazy.

Donald Trump

00:35:39

And when he got out, he said, I've never seen anything like this. He had the black MAGA hat on. Here's the good news. I. I sold 10,000 of those hats over the next. I didn't even know we had black hats. We sold 10. There was a run on black maga, dark maga. And Byron liked it, too, didn't you, Byron?

Donald Trump

00:35:59

Huh? Huh? Byron liked it. Byron looked beautiful in it, huh? Uh, he looks good in anything. So that was something, I'll tell you, but that was a beautiful. That was an incredible salute, uh, to somebody that deserved it. A big. A big Trump fan. We raised him a lot of money, too. We raised the family a lot of money because he deserved it.

Donald Trump

00:36:23

We, uh. Oh, we have a man tonight. Maybe I'll introduce him really fast. Just fast. He's a friend of mine, very successful guy, and, uh, I've known him for a long time. He's a member of a place called Mar a Lago. Nobody's ever heard of it. But. But he said, sir, do you mind if I give, uh, some money to the widow of Corey the firefighter?

Donald Trump

00:36:44

I said, absolutely, you should, because Cory had a great career. But it's not exactly. The money doesn't exactly flow in. Right? Uh, so he hands me a check, and I didn't really look at it, just put it in my pocket. Then I got back home and I looked at it. \$1 million. Dan, stand up, please.

Donald Trump

00:37:07

Stand up. What a nice thing. And then we raised another four or five million dollars, uh, for the family and also for the two gentlemen that took hard hits. They took hard hits, too. They were. The doctors were incredible up there. These guys took two hard hits. These were big Trump fans and MAGA fans, more than even Trump fans.

Donald Trump

00:37:40

And they know what we're doing is right. But, boy, they got hit. But they were. In fact, we thought we lost three people, and they. And they made it. And we're, uh, giving them something substantial, but we wanted to take care of them all. So Cory was gone immediately. But it was amazing.

Donald Trump

00:37:57

But I want to thank you, Dan. That was really. That was nice, Dan. So we're going to have. In addition to taking care of our workers and lowering the taxes, we're going to also have no tax on tips, no tax on overtime, and no tax on Social Security benefits for our great seniors.

Donald Trump

00:38:27

And I'm going to support a tax credit for family caregivers who take care of their parent or loved one. And they deserve it, right? They deserve it. They're great. You know, if you didn't have people like that, you wouldn't have enough hospitals in this country. That's

really. They do a job that's. That's incredible.

Donald Trump

00:38:47

And they do it out of love. You don't have to worry about it. They do it out of love. So we're going to work on a good tax credit for them. We're going to get it done too. So I will terminate the green news scam and I will cut your energy prices in half.

Donald Trump

00:39:04

Within 12 months, your energy prices will be in exactly half. 50%. Uh, 50%. 5. 0. To bring back millions of jobs, we will give our companies the lowest taxes, the lowest energy costs, the lowest regulatory burdens, and free access to the best and biggest market on the planet. It won't be that way for long.

Donald Trump

00:39:28

If we have idiots running it, it won't be that way. But right now we can say it. But only for those who make their product here in the USA and hire American workers for, for the job. They're the only ones that can. And if these companies don't make their products here, then they will pay a stiff tariff when they send their products into the United States for the privilege of competing with our workers and our now protected companies.

Donald Trump

00:39:57

We're going to protect these companies so they don't leave us like they have been doing for 50 years. And we'll also pass the Trump Reciprocal Trade Act. That's if China or any other country charges US 100 or 200% tariff or tax, then we will charge them a like 100 or 200% tariff or tax called an eye for an eye.

Donald Trump

00:40:26

And you'll see everything just disappear. I will never apologize. I apologize for defending America. I will protect our workers. I will protect our jobs. I will protect our borders. I will protect our families. And I will protect the birthright of our children to live in the richest and most powerful nation on the face of the earth.

Donald Trump

00:40:53

Thank you, thank you, thank you. Get out and vote. And as we rescue our economy, I will also restore our borders. We're going to have a border. We had the strongest. Oh, oh, wait, wait, wait. Bring down my all time favorite chart. Bring it down. In history. I love that chart. I wouldn't be here if it wasn't for that chart.

Donald Trump

00:41:37

If I didn't look over to the right, I wouldn't be here. I love that chart. Uh, even if the numbers were lousy, I would love that chart. But the numbers are the best ever. So the arrow, the big red arrow on the bottom, that arrow, that's an aggressive youngster. He's going to go places.

Donald Trump

00:42:10

He's going to go places. But that's my last day in office. And, and you look at what's happened. That was a Elon rocket ship after that day. Look what happens to that chart. Uh, look what happens to that chart. Uh, that was the lowest illegal immigration that we've had. All they had to do, Biden, when he went to the beach, all he had to do was leave it alone.

Donald Trump

00:42:32

We had remain in Mexico. Nobody could come in. The head of Mexico president said to me, of course we won't do that. No, no. I said, you will do it. You will do it. He said, no, no, we won't let them remain in Tijuana. Hundreds of thousands of people coming up, pouring through our borders with the past administration.

Donald Trump

00:42:50

I said, no, you're going to do it. He said, I'm not going to do it. And, uh, we had a good relationship. I liked the guy. He was a socialist, but that's okay. And I said. And he said, no, you're going to do it, because if you don't do it, I'm going to put 100% tariff on everything you're selling to us, and you're going to end.

Donald Trump

00:43:08

He said, what do you mean, 100? I said, well, I'll start off at 10. I'm going to raise it to 20, then 30, then 40, then 50, and I'll stop at 100, I promise. That's more money than anything you ever heard. And he said, uh, Donald, I would love to do as you request.

Donald Trump

00:43:23

I would love. It would be my great honor to have a policy of remain in Mexico. Over the past four years, Kamala has orchestrated the most egregious betrayal that any leader in American history has ever inflicted upon our people. The most egregious. It's disgusting what she did. She's violated her oath and eradicated our sovereign border and unleashed an army of migrant gangs.

Donald Trump

00:43:52

They're waging a campaign of violence and terror against our citizens like we've never suffered before. We've never had this before in our country. It's an invasion, ladies and

gentlemen. It's an invasion. Kamala has imported criminal migrants from prisons and jails, from insane asylums and mental institutions all over the world, from Venezuela to the Congo, including savage criminals who assault, rape, and murder our women and girls.

Donald Trump

00:44:24

Anyone who would let monsters kidnap and kill our children does not belong anywhere near the Oval Office. And my people told me about four weeks ago, I was saying, no, I want to protect the people. I want to protect the women of our country. I want to protect the women. Sir, please don't say that.

Donald Trump

00:44:49

Why? They said, we think it's. We think it's very inappropriate for you to say, so why I'm president, I want to protect the women of country. They said. They said, sir, I just think it's inappropriate for you to say, pay these guys a lot of money. Can you believe it? They said, well, I'm going to do it whether the women like it or not.

Donald Trump

00:45:17

I'm going to protect them. I'm going to protect them from migrants coming in. I'm going to protect them from foreign countries that want to, uh, hit us with missiles and lots of other things. Remember, for four years we had no war other than I defeated isis, but I inherited. I defeated ISIS and I felt like Brett Favre.

Donald Trump

00:45:38

I defeated ISIS in four weeks instead of five years, which they said it was going to take because we have a great military. We just didn't have any leadership at the top. I mean, in the office of the president or even close to it. So I said, I'm going to defend and I'm going to protect women.

Donald Trump

00:45:56

I'm not going to let people go up to the suburbs or go into places where they live, whether it's suburbs or cities or farms. We're going to protect our women at the border. We're going to protect our women and also we're going to protect our men and our children. We're going to protect everybody.

Donald Trump

00:46:26

Is there any woman in this giant stadium who would like not to be protected? Is there any woman in this stadium that wants to be protected by the president? I love these. You know, these women are from North Carolina. These women, they've been to 251 rallies. Look how beautiful they are. And they're all happily married.

They're beautiful husbands. I saw them once, but, you know, I never see their husbands. I only see them. Look at them. They travel all over the country. This is at least a pretty close one. This is. I mean, they go to California. They're incredible women. I think they have a good home life.

Donald Trump

00:47:24

I'm not exactly sure. No, their husbands are great, but I appreciate it. Yeah, it's like 251. Can you believe it? And we have front row Joes here too. They've been to like 400. We got a lot of. It's good to see you. These are great people. They're patriots, I, uh, will tell you.

Donald Trump

00:47:45

And they're very successful people. Very successful people. And we have Mr. Wall here someplace. He's great. He has the wall. I'm going to use that suit someday when I come out. But he's. And it's representative. We've built 571 miles of wall on the southern border. And Mexico paid for it by supplying us with soldiers free of charge.

Donald Trump

00:48:13

More money than. Because technically you can't get them to build a wall if you own the wall, which, unfortunately, we couldn't work out. But I did better. We got their soldiers and they protected us while we were building it. And they still protect us to a certain extent. So I want to thank.

Donald Trump

00:48:29

We've had a good relationship with Mexico, but they're going to have to do a better job. We're losing hundreds. We're losing much more than 100,000 people a year to fentanyl coming in from China and then through Mexico. We're going to talk to Mexico very early in our discussions. We're maybe like the first day, one of the very first calls I'm going to make.

Donald Trump

00:48:49

Because we cannot let fentanyl come into our country. I can't let it come in. And I'm talking to China, too. I'll call President Xi. We had a deal, President Xi and I, and then we had the, uh, whole thing come in with the China virus, right? But we had a deal with President Xi.

Donald Trump

00:49:08

He was going to give the death penalty to anybody producing fentanyl and sending it into the United States. But of course, when Biden took over, they just. It didn't mean. Just like the Abraham Accords, we had four countries. I would have had that filled. We would have had peace in the Middle East.

They didn't do anything. They just sat there with it. So, you know, we'll get it all taken care of as soon as we get in. But today, I want you to hear directly from a mother whose world was absolutely shattered. This is a sad thing. I've had it for one day, and everybody that's seen it, they end up crying.

Donald Trump

00:49:45

Strong, tough guys, they end up crying. It's so sad. And it's emblematic of what's happening in our country by thousands and thousands of people are being killed. This was a young, beautiful girl. Please watch.

Tape

00:50:01

Sunday night, I asked her to not stay up super late because of, um, her coming to work with me in the morning for us to do her summer school. She said, okay. I told her, good night and I love you. I went to bed not realizing that that was going to be the last time I saw her.

Tape

00:50:20

We're best friends. I woke up to notice she wasn't in her bed. I'm in my heart trying not to lose my mind because I don't know where she is. I finally remembered her phone had a location on and her Phone was pinging just two minutes down the road, right behind the skate park.

Tape

00:50:48

I start driving to the direction the phone was being pinged at and I see a couple cop cars with lights on. I see yellow tape and immediately my heart drops and sinks to the bottom of my stomach. My daughter's hands and ankles were both bound. She was strangled to death, left with no pants.

Tape

00:51:15

And I know in my heart she fought incredibly hard. She was not going down without a fight.

Donald Trump

00:51:27

We begin with two men. We're learning our charge with capital BR murder tonight. Accused of killing a 12 year old girl. Police say these men strangled her before dumping her into that creek. Both men were in the country illegally, apprehended, then released by border patrol less than three weeks before Jocelyn's death. The men accused of killing Jocelyn Nungare are affiliated with the gang known for brutal violence.

Kamala Harris was in charge of immigration in our borders. If we had better border policies and not open borders and not these catch and release policies, I truly believe this all could have been prevented. Under her being vice president of this country. My daughter's life was ripped away from her. She had her entire life ahead of her.

Donald Trump

00:52:17

Happy birthday dear Jocelyn.

Tape

00:52:20

Uh, my daughter is six feet in the ground based off of policies that she allowed to keep. Kamala Harris did have one job and she not only failed, not me, she failed my daughter. She failed Jocelyn. You know, she was only 12. President Trump reached out, gave me his sincere and serious condolences.

Tape

00:52:49

As not a former president, but just as a father, someone who cares. I believe Donald Trump needs to be back in office. I can at least know that my next child will be safe in this country.

Donald Trump

00:53:27

This is what we're letting into our country. And this is times thousands, all different forms, all different ages, but by thousands and thousands of people are being killed, being mutual mutilated. The day I take the oath of office, the migrant invasion ends and the restoration of our country begins. Begins. The savages charged with brutalizing and murdering precious Jocelyn are members of the same vicious Venezuelan prison gang Trende Aragua, uh, that's taking over apartment complexes and unleashing violent killing sprees all over America.

Donald Trump

00:54:13

They took over, as you know, in Colorado, Aurora, Colorado. They took over a big section, apartment complexes and others. And they're all over the country. They're even in Times Square in New York City now. And we're getting them the hell out. Take a look. Open borders, deadly consequences. Border crisis. Record high crossings are putting a strain on cities across America.

Donald Trump

00:54:40

It is a full blown invasion, armed Venezuelan gang members storming an apartment complex in Aurora, Colorado. When people talk about migrant crime, this is what they're talking about. San Antonio, Texas, just one of the latest cities to have apartment

complexes taken over by members of the Venezuelan gang. Biden and Harris had created a program to bring them in under humanitarian parole.

Donald Trump

00:55:01

I am in faith of saying that we're not going to treat people who are undocumented across the border as criminals. More than 13,000 illegal immigrants convicted of murder have been released into the United States. My 20 year old daughter, Kayla Hamilton was murdered in her own room. Kayla's murderer was apprehended by Border Patrol crossing illegally into the U.S.

Donald Trump

00:55:21

kayla's murderer had been improperly released into the United States. Abolish ICE Deon. We need to probably think about starting from scratch. More than dozen people suspected of being Dragua gang members right here in San Antonio. The gang members had been terrorizing the apartment complex. New details in the murder of Lake and Riley.

Donald Trump

00:55:38

The illegal immigrant suspect who cops say committed the heinous murder is a Venezuelan national and was paroled and released into the country by the Biden administration. If they had all been properly vetted, that probably wouldn't have happened. Two men investigators say are in the country illegally from Venezuela are charged with capital murder and the death of Jocelyn Nungaray.

Donald Trump

00:55:57

Martinez Rangel wrapped his arms around Jocelyn's neck, took off her pants and climbed on top of her. Later strangled Jocelyn to death and then tied up her hands and feet. Court documents suggest a group of men arrested for beating and robbing a Dallas woman last month are members of a Venezuelan street gang.

Donald Trump

00:56:14

The men threatened to cut off her fingers if she did not cooperate. Manuel Hernandez. Hernandez was booked by police just two days earlier and released the day before the robbery. A Peruvian gang leader who is wanted for 23 murders, he was arrested by Border Patrol near Roma, Texas, then released into America. This is what we're letting into our country with no control whatsoever.

Donald Trump

00:56:43

We have no idea who they are. They don't check them. There's no vetting, there's no nothing. They're coming in at levels that we've never seen before. Last month I was in the

beautiful small town of Prairie Duchene, Wisconsin, where police arrested a Trende Aragua, uh, gang member who crossed Kamala's wide open border.

Donald Trump

00:57:04

Just come on in and then came into your state and held a mother and daughter captive against their will and sexually assaulted them again and again and again and did great harm to both. Just last week, an illegal alien driving an SUV hit a 60 year old retired Green Bay police officer as he was helping two drivers by the side of the road.

Donald Trump

00:57:31

Instead of helping his critically injured victim, the illegal alien who had, ah, a can of beer in his passenger seat and lots of cans of beer and plenty of other things in the car, got out of his car and ran away, leaving the retired policeman to die and bleed to death. We're praying for his family.

Donald Trump

00:57:49

The United States is now an occupied country, but it will soon be an occupied country no longer. November 5th, 2024 will be liberation day in America. And on day one, I will launch the largest deportation program in American history. We have no choice. It's not sustainable for any country. It's not sustainable. What's happening to us.

Donald Trump

00:58:35

I will rescue every city and town that has been invaded and conquered. We are being invaded and we are being conquered just like it was a military operation. And we will put these vicious and bloodthirsty criminals in jail or kick them the hell out of our country very rapidly. To expedite removals of Trende, Aragua and other savage gangs, I will invoke the Alien enemies Act of 1798.

Donald Trump

00:59:11

Can you believe 1798? That's when we had people that wanted to protect their people. Have to go back a long way to target and dismantle every migrant, criminal, criminal network and every single one of them operating on American soil. And there are many. There are many. And if they come back into our country, it's an automatic 10 years in jail with no possibility of parole.

Donald Trump

00:59:42

And I am hereby calling for the death penalty for any migrant that kills an American citizen or a law enforcement officer. And I will immediately ban all sanctuary cities in the United States of America. They'll be banned with their open borders. They're going to destroy

your Social Security and Medicare. They're destroying your Social Security and medicare.

Donald Trump

01:00:19

They are going to do it. And I don't think they care. But I'm going to save it all. And I'm going to. More importantly and most importantly, we're going to save our country. We're going to save our country. Kamala's gross incompetence, her gross incompetence disqualifies her from being President of the United States of America.

Donald Trump

01:00:39

She's incompetent. Everyone knows it. No one respects her. No one trusts her. No one takes her seriously. And to make her president would be a gamble with the lives of millions and millions of people. She would get us into a third world war. She doesn't know how to talk to These people, they would laugh at her.

Donald Trump

01:01:04

They would laugh at her because she's so grossly incompetent to do the job. She's not going to be able to do the job. And then. And everybody that knows her agrees. And five months ago, they said there's no way she could be running for president. She's, uh, incompetent. M. And then she runs.

Donald Trump

01:01:24

And because she's a member of this savage machine known as the Democrat Party. And then all of your sons and daughters will end up getting drafted to fight these endless wars that we've been in. I've gotten us out of so many. I was the only president. Think of this in 82 years not to start a war.

Donald Trump

01:01:52

We dealt with peace through strength. Our enemies are laughing at her. If we win, America will be feared and respected. Again. Fear. It's okay. On issue after issue, Kamala broke it. And I will fix it. I will fix it and I'll fix it fast. On top of it all, Kamala, uh, Kamala says that she would not do one thing differently from crooked Joe Biden, which in itself is disqualifying.

Donald Trump

01:02:28

I wouldn't do one thing differently. Take a look, please. Would you have done something differently than President Biden during the past four years? There is not a thing that comes to mind. I stood there on the tarmac watching you check your watch. The chaotic and deadly US Evacuation from Afghanistan stunned Americans and the world and cost the lives of 13 U.S.

soldiers. Would you have done something differently? There is not a thing that comes to mind. More than 13,000 illegal immigrants convicted of murder have been caught at the border and then released into to the United States. An Afghan national is in custody today after, ah, being accused of plotting an election day terrorist attack.

Donald Trump

01:03:08

The suspect entered the US On a special immigrant visa. Gut wrenching new details in the murder of Georgia nursing student Laken Riley. The illegal immigrant suspect who cops say committed the heinous murder is a Venezuelan national who crossed the unsecured southern border back in 2022. Two men investigators say are in the country illegally from Venezuela are charged with captain murder and the death of Jocelyn Nungarai.

Donald Trump

01:03:30

A fifth illegal immigrant accused of attacking two New York City police officers over the weekend showed no remorse or regret. Would you have done something differently? There is not a thing that comes to mind. Only 18% say the economy is in excellent or good condition. US inflation has hit a new 40 year high, uh, increasing by 9.1% over the financial year, authorities say.

Donald Trump

01:03:53

Train day Aragua, which has been linked with more than 100 criminal investigations here in the US has now been found operating its criminal enterprise in apartment complexes. Were you the last person in the room? Yes. Thank you. And our country is rated 87% wrong track. You know what that means? Wrong track. We're in the wrong track.

Donald Trump

01:04:23

The country knows it. And that's why we should have. Absolutely. Nobody's ever had a score like that in one reelection. Nobody. Nobody's ever. And she's a part of Biden, remember? She's trying to disassociate from him so badly, she doesn't know what to do. She's torn. She doesn't know what to do. She's a part of that whole mess that we have in Washington.

Donald Trump

01:04:46

And I will tell you that if you want to end this disaster, you have to get out and vote. We all have to get out and vote, vote, vote. I'm thrilled to be joined by all of these great people from the Green Bay area and Wisconsin area. And again, I want to thank, uh, Brett for being here and for giving me that really incredible tribute of an endorsement.

Donald Trump

01:05:19

I'm not going to ask him to come up. He made such a good speech. I watched it. Brett made such a good speech. I don't know if he could do that again. Brett, you did so good. I'd let you do it again, but I think you hit it perfectly. What do you think?

Donald Trump

01:05:33

We love you, Brett. Thank you. We love this guy, man. He's something, um. Oh, that arm. Ah. What a player. What a great guy. I think he's beyond as a person. I think he might have been beyond what he was as a player, but that's pretty hard to do. Thank you very much, Brett.

Donald Trump

01:05:54

Great honor to your family. Thank you. We're also joined by Brett's incredible wife, Deanna. And, oh, and that son is so good. He's a great soccer player. The son, Taylor. Thank you very much. Um, look at him. He's a little shy. He's a little shy. He's a good soccer player right here, who I think is, uh, just.

Donald Trump

01:06:20

I mean, that's an incredible family. As you know, she fought breast cancer. She won her battle, and she's been an inspiration. She's been an inspiration to everybody. You have been an inspiration. I've heard that a lot of people, they said that. Thank you, Deanna. Beautiful. Thank you very much. Also with us is another Green Bay football phenomena.

Donald Trump

01:06:44

Really phenom, uh, running back. You may know the name Quadzilla. The Quadfather. A.J. dillon. I got to meet him backstage. Get healthy Soon, AJ get healthy soon. Look at this guy. I met AJ Backstage. I said, this guy is a seriously good looking athlete. We're going to watch you get better soon. You're going to be in good shape, I think I hear great.

Donald Trump

01:07:17

Thank you, A.J. very much. I'd also like to thank a friend of mine for being just a great senator, very simple and just a fantastic person. Ron Johnson. Senator Ron Johnson. Great. He's great. And a future great one. He's going to work together. What a tandem. Eric Hovde and he's doing terrific. Eric, you are doing.

Donald Trump

01:07:53

You are doing well. Well, here's my complete and total endorsement. And, uh, you're doing well. I saw you're up in the polls, like winning, uh, you're winning. That's what we want. That's the guy. Tammy Baldwin is terrible, by the way. And a friend of mine, he said a long time ago, Sir, 2016.

He says, sir, don't come up here, sir. You can't win here. You can't win. It's tough state. Don't come up, Tommy Thompson. Right, but don't come up, sir. And I said, what do you mean, Tommy? Just don't come up. Look, if anything changes, I'll let you know and you'll come up, but don't waste your time.

Donald Trump

01:08:33

You have to win other states. This is 2016. I was sort of insulted, but I figured, what the hell? Who knows better than Tommy Thompson? Right? About, uh, four weeks later, had a couple of good weeks. I get a call, it's Tommy Thompson, sir, it's time for you to come up. Get up here quickly.

Donald Trump

01:08:50

And we won Wisconsin. Tommy Thompson. You remember that, Tommy? Um. You remember that? You remember that, Tommy? He didn't want me to come up. Then he says, sir, get your ass up here, sir. You're doing good. That's great, Tommy. Thank you. You've been a great friend of mine, actually. And we're doing well now.

Donald Trump

01:09:18

We're really rocking here, right? They're doing well. Thank you very much, all of you. Thank you very much. And House, majority whip, a highly respected man. A, uh, powerful man in Washington, but respected by everybody. Tom Emmer from Minnesota. Thank you. He's a majority whip. Majority whip. That's big stuff. Thank you, Tom, very much.

Donald Trump

01:09:42

And Representatives. Tom, Tiffany, my friend, and Glenn Grothman. Thank you, Tom. Thank you, Glenn. Really great, great congressmen and warriors. They're both warriors. And we have another warrior, Byron Donalds. He's my great warrior corps. Great guy. All great people. Congressional candidate who's doing really well. Tony Weed. Thank you, Tony. Thank you, Tony.

Donald Trump

01:10:20

Tony, you're doing well. He's a winner. And my son in law, Michael, who's helped us so much on this campaign, he's been great. I want to thank him. And I want to thank his father and the chairman of the Wisconsin Republican Party, Brian Schimming. Wow. Have you been good, Brian? I got to watch his speech on the plane just coming in before I got into the garbage truck.

Donald Trump

01:10:50

I had a choice. Watch your speech, so I delayed the garbage truck a little. You were

fantastic. Thank you. We're doing well. We're going to win, Mr. Chairman. Right? You're going to win. We're going to win. Thank you, brother. Very good. Great job. So, just in conclusion, here are the facts. Kamala is a radical left Marxist, rated even worse than crazy Bernie Sanders or even Pocahontas herself.

Donald Trump

01:11:12

Pocahontas. She destroyed our economy. She was an original creator of Defund the police movement. And anybody who wants to defund the police for even one week or one day or one second is not worthy of being President of the United States of America. Kamala vowed to abolish ice. Our great ICE heroes say, we don't have ice.

Donald Trump

01:11:38

We don't get the tough ones out. Uh, these are tough people that love our country. They're incredible. And as California Attorney General, she redefined child sex trafficking, assault with a deadly weapon, and rape of an unconscious person as totally nonviolent crimes. Oh, that's not. She pledged to confiscate your guns. Would anybody like to give up that gun?

Donald Trump

01:12:06

I don't think so. I don't think so. And endorsed a total ban on handgun ownership. No more handguns. Let her explain. Play that one. This woman. This woman should not be running. By the way, she came in last. You know, she ran against Biden. She came in last. Absolutely dead last. She got no votes.

Donald Trump

01:12:30

He got 14. Whether you like him or not, he got the nomination. They took it away from him like you take candy from a baby. She even called for free sex changes for illegal aliens in detention. And, uh, at taxpayer expense, by the way. And she lied about working at McDonald's. I think that's a big thing, too.

Donald Trump

01:12:59

With your vote this November, we are going to fire Kamala and we are going to save America. We will cut your taxes, end inflation, slash your prices, raise your wages, and bring thousands of factories back to America. And in fact, we're going to bring a lot of them right back to Wisconsin with all those jobs.

Donald Trump

01:13:17

Um, we will build American. We will buy American. And we will hire American. I will end the war in Ukraine. Would have never happened if I was president. Would have never.

Vladimir, would never have done that. I will stop the chaos in the Middle East. October 7th. Would have never happened. All those people would be living today.

Donald Trump

01:13:41

And I will Prevent World War 3. We will crush violent crime and give our police the support, protection, resources and respect they so dearly deserve. We will strengthen and modernize our military. We will build a missile defense shield all around our country, all made in the USA and a lot of it made right here.

Donald Trump

01:14:06

We will rebuild our cities, including our capital in Washington, D.C. which is in horrible shape, making them safe, clean and beautiful again. We will teach our children to love our country, to honor our history, and to always respect our great American flag. And we will put in legislation, anybody burning the American flag, one year in jail.

Donald Trump

01:14:42

We will get critical race theory and transgender insanity the hell out of our schools and fast. And we will keep men out of women's sports. I will defend religious liberty. I will restore free speech. And I will defend the right to keep and bear arms. Your Second Amendment will be safe. After years of building up foreign nations, defending foreign borders and protecting foreign lands, we are finally going to build up our country.

Donald Trump

01:15:15

We're going to defend our borders and we are going to protect our citizens. We are going to protect our land. We are going to protect our country. And we will stop illegal immigration once and for all. We will not be invaded. We will not be occupied. We will not be overrun. We will not be conquered.

Donald Trump

01:15:40

We will be a free and proud nation once again. We are being invaded. It's incredible. Think of it. We're being invaded by massive numbers. Very little difference between this invasion and the military. They don't wear a uniform. That's about the primary difference. Everyone will prosper. Every family will thrive. And every day will be filled with opportunity and hope and load it up with the good old American dream.

Donald Trump

01:16:17

We're going to have the American dream back. But for that to happen, we must defeat Kamala Harris and stop her radical left agenda. And we have to have a landslide. That is too big to rig. Going to make it a landslide. For the past nine years, we have been fighting

against the most sinister and corrupt forces on earth.

Donald Trump

01:16:45

With your vote this election, you can show them once and for all that this nation does not belong to them. This nation belongs to you. It belongs to you. It was hardworking patriots like you who built this country. And six days from now, it is hardworking patriots like you who are going to save our country.

Donald Trump

01:17:09

You're going to save our country? After all we have been through? Together, we stand on the verge of the four greatest years in American history. We can do that. We can do that. It seems so unlikely. It seems unlikely, but we can do that. With your help, from now until election day, we will restore America's promise.

Donald Trump

01:17:33

And we will take back the nation that we love. We are one people, one family, and one glorious nation under God. We will never give in. We will never give up. Um, we will never back down. And we will never, ever surrender. Together, we will fight, fight, fight. And we will win, win, win.

Donald Trump

01:18:08

November 5th will be the most important day in the history of our country. We're going to turn things around. And together, we will make America powerful again. We will make America wealthy again. We will make America healthy again. We will make America strong again. We will make America proud again. We will make America safe again.

Donald Trump

01:18:41

And we will make America great again. Thank you very much. Thank you, Wisconsin. God bless you all. God bless you all. Uh, thank you.
