## Notes:

Summary by ChatGPT

- John Kerry's Environmental Policy: Trump criticizes Kerry for focusing too much on the environment, suggesting that foreign countries don't take his efforts seriously and that it harms U.S. jobs and factories.

- U.S. Elections: Trump prefers traditional one-day voting with paper ballots and voter ID, criticizing the current system with early voting and complex technology.

- Kamala Harris' Response to Hurricane: Trump disapproves of Kamala Harris appearing on a talk show during a hurricane, implying it was inappropriate for the situation.

- Elon Musk and Starlink: Trump praises Elon Musk for quickly providing Starlink internet service during a hurricane in North Carolina, though he claims Democrats delayed its deployment.

- College Affordability: Trump acknowledges the high cost of college education and suggests using large university endowments to help students, while also aiming to create an economy that ensures good jobs after graduation.

**Kyle Forgeard** 00:00:00

President Trump back on the podcast.

**Donald Trump** 00:00:02

We're back.

**Kyle Forgeard** 00:00:03

This is the third time. Third time we've had President Trump on the podcast.

**Donald Trump** 00:00:07

Ain't I got it started right. Who would have thought?

**Kyle Forgeard** 00:00:10

We appreciate you coming back for the third time. We know you're busy, right in the heat of the election. You're doing a lot of stuff, so we appreciate you coming back. But, yeah, the first time we met you, 2020 Air Force one with Dana White. Dana White set it all up. Great friend.

**Kyle Forgeard** 00:00:23

And then, uh.

**Donald Trump** 00:00:24

Is he incredible?

00:00:25

He's the best.

**Donald Trump**

00:00:26

Nobody like them.

**Kyle Forgeard**

00:00:27

Nobody like them. And then we had you on the podcast after. I think it was the Afghanistan withdrawal, the horrendous withdrawal, and then we golfed with you. We've seen you at UFC, and now you're back here for the third time. So we just want to thank you.

**Donald Trump**

00:00:41

Well, thank you. Thank you very much. It's good. You look well, all of you.

**Kyle Forgeard**

00:00:45

Thank you.

**Donald Trump**

00:00:46

You're still the hottest guys around, I think, huh?

**Kyle Forgeard**

00:00:48

Uh, yeah.

**Donald Trump**

00:00:49

Did you ever think this was going to happen?

**Kyle Forgeard**

00:00:51

I never thought it would happen. I mean, the first time we had you on was just insane. And the way that it all unfolded, I remember you told us it was gonna get deleted after it got 12 million views in 12 hours.

**Donald Trump**

00:01:02

Yeah. It was your all time record. And I said, if we mention the election, they'll delete, remember?

**Kyle Forgeard**

00:01:08

And I didn't believe you.

Yeah, well, it's. You know, it's a. They're fascists. These people are crazy. And hopefully we're gonna have a great election. We're gonna beat them. But these people are crazy. They've done a terrible job running the country. They did a terrible job with North Carolina, with their problems. I mean, people have been treated very badly, and the border is the most unsafe border anywhere in the world.

**Donald Trump**

**00:01:30**

Uh, but they're, um. And they're worried about us talking, right?

**Kyle Forgeard**

**00:01:34**

Yep.

**Donald Trump**

**00:01:35**

Yeah, they're worried about us having a little conversation.

**Bradley Martyn**

**00:01:38**

I had recently seen a clip of John, uh, Kerry talking to the World Economic Forum, talking about, like, we need to be weary of the first amendment in relationship to, like, misinformation and social media platforms, like, people being able to say what they want. I also saw a clip of Kamala talking. Uh, I think it was on NAACP board, talking about, like, what Elon Musk is doing with Twitter is like, it's getting scary for democracy to be able to essentially govern itself.

**Bradley Martyn**

**00:02:04**

And it's weird. Cause it seems as if, like, that side is the side kind of pushing towards a total censorship unless it follows their kind of their line or their line of information. How do you feel about that as far as moving forward as president?

**Donald Trump**

**00:02:19**

Well, I think that John Kerry has been a disaster. All he talks about is the environment. In the meantime, China, all these other countries, they don't do what he suggests. He meets with them and they go, yes, yes, yes. They yes him to death. And then they laugh at him when he leaves.

**Donald Trump**

**00:02:36**

In the meantime, we tie up our jobs and our plants on things that are unnecessary. We want immaculate water. We want beautiful, clean air. And we had the cleanest air, the cleanest of water. I mean, during my, if you were to look at my stats on the environment, I had great stats, but I also had the best employment numbers.

And our factories worked. We had factories that worked and worked really well. Um, they're willing to give up so much. I actually think they're bad people. Do you want to know the truth? I think they're bad people. There's a lot of bad stuff going on. But John Kerry would go around, I guess he's not doing that so much anymore.

**Donald Trump**

**00:03:14**

He got tired of it. He'd get in his private plane. And if you believe in that, he shouldn't be taking a private plane. He's supposed to actually swim.

**Kyle Forgeard**

**00:03:23**

Pretty hypocritical.

**Donald Trump**

**00:03:24**

No. The whole thing is ridiculous and the country's not doing well. But when you look at, I mean, we have a big election coming up. Look on. In literally a very short period of time. I guess it's what, 23, 24 days, right? We have an election coming up November 5, but it's actually going on right now as we speak.

**Donald Trump**

**00:03:44**

You know, we used to have an election on one day with paper ballots and voter id. Today we have computers going all over the place. We have a whole big deal. And we have them starting early and sometimes going late. It's crazy. And we have to get back to, we have to get back to strong borders and fair elections.

**Donald Trump**

**00:04:06**

We have to do it, and I think we will. So we're leading in the polls big time. We're doing well. And we're against somebody that has no clue what's going on. They did something that you guys would relate to because you're into this whole world, but you relate to it. 60 minutes, she gives a horrible answer and they changed the answer.

**Donald Trump**

**00:04:26**

I think it's the biggest scandal in broadcast history. They actually took her answer out and gave her a different answer. Yeah, I saw it after it was shot and it's turned out to be a scandal. But I think it's the worst thing I've seen in broadcast that I've ever seen. I think it's the biggest scandal in broadcast history.

**Donald Trump**

**00:04:46**

Number one, it's election interference. Number two, they get a license, and it's supposed to be a license based on free press, fair press, and honesty. So we'll see what happens, but

I think it's a disaster.

**Kyle Forgeard**

00:04:59

What was your thoughts on, um, Kamala going on, caller daddy, while the hurricane was going on North Carolina?

**Donald Trump**

00:05:04

Well, I was terrible. I mean, from what, I don't know the show, I know your show, but.

**Kyle Forgeard**

00:05:08

I don't know that this is a lot bigger.

**Aaron Steinberg**

00:05:10

A lot bigger.

**Kyle Forgeard**

00:05:12

A lot bigger.

**Donald Trump**

00:05:12

I would think so, yeah. Now to go on that show, from what I heard, was pretty, uh, pretty crazy. Yeah, it was pretty crazy during the hurricane.

**Kyle Forgeard**

00:05:20

During the hurricane.

**Donald Trump**

00:05:21

And she's barely been down there. And Ron DeSantis doesn't want her down there because she was trying to freewheel it. And he's right.

**Kyle Forgeard**

00:05:29

I, did you call Elon for help during the hurricane?

**Donald Trump**

00:05:31

I did. So Elon is a friend of mine. A friend of yours, too, right?

**Aaron Steinberg**

00:05:34

Yeah.

We've had him on the podcast.

**Donald Trump**

**00:05:36**

He's great. He's a great guy. He endorsed me very big. And when I went to North Carolina, they said, we need, um, we need a level of communication we don't have. Everything was knocked down. The wires are down. They couldn't communicate. So they had Starlink. And they said, starlink? I didn't know what Starlink was, but they said it was Elon.

**Donald Trump**

**00:05:55**

They said, you know Elon. I said, yes, we all know Elon. Right. And I said, what do you want? And we need Starlink to communicate. And I said, uh, let me see. I called up Elon and within 2 seconds, and its hard to get it. They couldnt get it. And we got it for North Carolina.

**Donald Trump**

**00:06:12**

But, you know, it was delayed by the Democrats. It was actually delayed. It should have gone faster. He had it there right away and they wouldnt give it. Theres some bad things. Theyve done a terrible job. North Carolina in particular has been, has done a terrible job. Uh, whether you call it fEmA, I call it the White House more than fEMA.

**Donald Trump**

**00:06:35**

When I had Fema, they were unbelievable. But the White House has done a terrible job on North Carolina and other parts. I mean, you know, there were six or seven states that were hit. Virginia was hit. People don't even know that. But Virginia and South Carolina and I, Georgia, Florida, Alabama, they were hit and they were hit hard.

**Donald Trump**

**00:06:58**

And, uh, but they've done a lousy job. It's probably the worst job since Katrina Biden and Kamala Lyon. Kamala, they've done a bad job.

**Kyle Forgeard**

**00:07:09**

But you're up in the polls. I know. I've seen you post polymarket on truth social. Uh, they have you up by 3%. And this is different because it's actual people wagering real money on it. 1.7 billion on you to win. So people say it's a more accurate way to actually, uh, assess polling.

**Kyle Forgeard**

**00:07:26**

What do you think about that? This is what Elon tweeted out. He posted that you're up three points on Pauli market.

So I looked at it before. We were up nine points, and I think we're, I think we had one where we're up 50 points. I'll give you that one. I think we're going to do well. Look, this woman is incompetent. She's done a terrible job. She's got a lot of problems. And we had that for four years with Biden, and we can't have another four years.

**Donald Trump**

**00:07:55**

We're not going to have a country left. You won't even have your show left. Okay. We're not going to have a country left. And on top of that, we are very close to world War three. We really are very, very close to world War three. And if we don't solve it, we're going to just have, we're going to have a lot of problems.

**Donald Trump**

**00:08:13**

And, uh, we've never been in a position of danger like we are right now because of nuclear weapons, because of the whole nuclear thing and other types of weapons. And we have to get it straightened out. We have to get it straightened out.

**Kyle Forgeard**

**00:08:26**

We saw Melania. She came out with a book.

**Donald Trump**

**00:08:28**

Yeah.

**Kyle Forgeard**

**00:08:29**

And it's doing really well.

**Donald Trump**

**00:08:30**

It's doing great.

**Kyle Forgeard**

**00:08:31**

Is she, like, your secret weapon? And how did you first meet her and kind of get her to fall for you?

**Donald Trump**

**00:08:36**

I wouldn't call it a weapon, but a secret weapon. That's a tough term. It's pretty interesting. Um, but she's great. She's a wonderful person. She was a great first lady. People love her. Yeah. She wrote a book called Melania. And it's number, uh, one, I think number one or two. And really doing good.

And, um, she worked hard on it. And, yeah, she loves the country. She wrote something that was very good. I was a little bit nervous before I read it.

**Kyle Forgeard**

00:09:07

You know, whenever the wife is going.

**Donald Trump**

00:09:08

To, you never know. I mean, maybe she said bad things, but she didn't.

**Aaron Steinberg**

00:09:12

What do you take away from, um, Kamala having a, uh, beer with Stephen Colbert? Seems like that'd be the, well, you.

**Donald Trump**

00:09:19

Know, a lot of people thought it was terrible. A lot of people said she shouldn't be drinking at all. She shouldn't be drinking. She got some other problems. But it was a little, it was a little different. No, they hit her.

**Kyle Forgeard**

00:09:30

She probably drank about later.

**Aaron Steinberg**

00:09:32

She probably had a few before that, too, right?

**Bradley Martyn**

00:09:34

I, that was the one we saw.

**Donald Trump**

00:09:36

I don't know. It could be, could be. That's what the rumor is. Yeah. The polls are looking good. The polls. I want to get off that subject because, you know, if I criticize, I'll be criticized for. Yeah, but, no, she probably shouldn't have done that. She got, she got hit hard for that.

**Donald Trump**

00:09:53

Right. But I don't think it was that big a deal. No.

**Kyle Forgeard**

00:09:56

How important is it where, as you know, we're helping with send the vote, which, uh, we're helping our audience. Yeah. So if you guys, while President Trump's here, too, I always say this, too, we can't just talk about it and tweet about it. We got to actually get out and vote.

**Donald Trump**

**00:10:09**

Thank you, fellas. That's good.

**Kyle Forgeard**

**00:10:10**

Any young people that are watching right now, too, if you guys aren't registered to vote, you guys can go to send the vote.com and it has everything you need to make sure that your vote's actually going to be counted, too. So we need everybody to get up and vote and not just, you know, I think a lot of young people like to talk about it and they're passionate.

**Kyle Forgeard**

**00:10:26**

But how important is it that people actually get out and vote?

**Donald Trump**

**00:10:29**

Well, it's so important and it's November 5, but in the every place just about you can vote early and, uh, see, I'd like same day voting like it used to be one day. Even if you declare like a holiday one day, this way a lot of things can't happen. But we don't have that system.

**Donald Trump**

**00:10:49**

We have a system where you can vote at a leisurely pace and we just hope that everybody goes out. We're going to make our, you know, I have a, a little statement. Its called Make America great again, Maga, which is the biggest political movement in the history of the country and were going to make America great again.

**Donald Trump**

**00:11:10**

And we have to start, we did it. And then we had an interlude, we were rudely interrupted. And now its happening again at a level that nobodys ever seen before. For instance, were going to a location that I think some of you are coming. Who's going with us? Are you flying with us?

**Kyle Forgeard**

**00:11:28**

Me and him? Yeah.

Good fellows. You're gonna have a good time.

**Aaron Steinberg**

00:11:31

Can't wait to see the plane.

**Donald Trump**

00:11:32

So I hear that the crowd, uh, is rather breathtaking, the size of it. And you're gonna have some m. You.

**Kyle Forgeard**

00:11:39

Do many rallies in California. This is like a unique one.

**Donald Trump**

00:11:41

No, but I've done them, and we've had a big look. I think that if the voting was legit in California, you know, it's all mail in ballots, mail out, mail in. They're all over the place. Like, is it 36 or 38 million ballots? You get mailed? Everybody gets mailed. Some people get more than one ballot.

**Donald Trump**

00:12:00

You know that all this, they say that California automatically lose. I say that if it was a straight election, I would win in California because I do great with the Hispanics, with the african american population. I'm getting record numbers. Nobody's ever seen that for republican record numbers. And, you know, I'm doing well.

**Donald Trump**

00:12:22

And, um, I believe that if we had an honest election, if God would come down and be our vote counter, right. That would be an honest election. I think I'd win. But I do it in California because we have a lot of people ask me to do it. Uh, it's also near other states.

**Donald Trump**

00:12:45

You know, they're gonna be going, how.

**Aaron Steinberg**

00:12:46

Come you're so genuine with every, every group you talk to? You never change your accents or try to appeal to who you're talking to.

**Donald Trump**

00:12:53

Like her.

Yeah. You're always the same. So I'm trying to figure that out.

**Donald Trump**

**00:12:57**

I haven't tried that. I don't think it plays too well. I saw that the other day. I don't think it plays too well.

**Aaron Steinberg**

**00:13:02**

Yeah, I don't like it. Talking about, he was mentioning send the vote. What's your message to, uh, like, first time voters who are maybe 18, the youth?

**Donald Trump**

**00:13:09**

Well, I think it's, look, voting is a very great privilege. Some people don't appreciate it as young people, and other people appreciate it really a lot. Its like a very important day. Uh, they should appreciate it because its very special. What we have to do is make sure the votes are counted, that its all honest.

**Donald Trump**

**00:13:26**

We have an expression too big to rig because if you, you know, theres a point at which its overwhelming, and we may be at that point, I mean, I hope were at that point, were going to turn the nation around. Were going to have strong borders, fair borders. I want people to come in.

**Donald Trump**

**00:13:41**

They have to come in legally. We have people pouring into our borders from prisons, from jails. Theyre coming in from mental institutions. Nobody knows who they are from all over the world, and theyre coming into our country. They had, uh, 13,000 murderers coming into our country. Theyre murderers. They were in jail for murder.

**Donald Trump**

**00:14:03**

They released them into our country because its very expensive to keep them in jail. You know, jails and all are very expensive. They have some that were going to get the death penalty. They released them into our country. So these people are released into the country. Drug dealers, drug lords are released into our country, and that's what we have.

**Donald Trump**

**00:14:25**

These people are crazy to allow this to happen. It should have never been allowed to happen. And we're going to get them out. We're going to get them out fast. Otherwise we're not going to have a country left.

I have a question, mister president. Um, so we have, like, a lot of college fans and a lot of fans that are going into college. Um, college is, like, really expensive right now. What are you going to do to maybe, like, help make college less expensive and, like, more affordable?

**Donald Trump**

**00:14:49**

Well, the biggest thing you can do is, and this is a little bit after college, you got to make sure everyone gets a job when they get out of college, and all of a sudden things, uh, look a lot better. Biden was trying to do something with student debt, but he failed to get it done.

**Donald Trump**

**00:15:04**

He couldn't get it done. He couldn't get a lot of things done, but he wanted to do something on student debt, as you know, and it's dead. It just died. Um, what we're going to do is certain colleges have tremendous amounts of money, I mean, almost an unfair amount of money. And we're looking at that.

**Donald Trump**

**00:15:22**

The endowments, using their endowments to help people, and they should use them. They should use endowment to help people finance it. But the federal government's going to remain financing, and they're going to help students. You got to help them. The biggest thing we can do is make the economy incredible. So when you get into college, you study something and you get out and you get yourself a great job.

**Donald Trump**

**00:15:43**

Right now, they don't have that. And the other thing is, they're charging too much. The colleges have gone up more. The price of a college has gone up so much more than almost anything else I could think of for an education. You know why? Because the government hands out money, so they have no reason to keep it down.

**Donald Trump**

**00:16:04**

So we're going to look into that very carefully. We're going to get it down for students. We're going to get it way down, and we're going to make it possible for them to be able to go to college.

**Kyle Forgeard**

**00:16:12**

All right, guys, I'm going to interrupt the pod really, really quick. I want to let you guys know about my favorite healthy snack, bored jerky. All right, you guys know, you've seen me. I'm trying to be a little more healthy these days. I was getting too many comments.

You guys telling me I look pregnant and shit.

**Kyle Forgeard**

**00:16:26**

I was staying up all night crying. So now I'm into healthy snacks and board. Jerky is one of my favorites. This jerky, if you guys try it, I don't even have to say it. Try it for yourself. The quality of the jerky is absolutely unbelievable. And I'm a big jerky guy and this jerky is by far the best.

**Kyle Forgeard**

**00:16:43**

I'm traveling a lot all the time, so I always have more jerky on me when I get hungry. There's four different flavors. My favorites, the original. The original. The macros are unbelievable. There's lots and lots of protein. So it's just a great healthy snack snack. Keep the barrel in check.

**Donald Trump**

**00:16:58**

Yeah.

**Kyle Forgeard**

**00:16:58**

Trust me, if you guys like jerky, try this out. And when you try it, you'll thank me. It's available on Amazon.com. the reviews are going through the roof. Everybody loves it. So go to Amazon.com right now. Give bored jerky out a try. Keep it in your gym bags. Keep it in your backpacks.

**Kyle Forgeard**

**00:17:14**

This is my favorite healthy snack. It's on me all the time. Amazon.com comma board jerky. Let's get back in the pod. You're doing a lot of podcasts recently. One that I would love to see you on is I think Joe Rogan has to have you on.

**Donald Trump**

**00:17:26**

Yeah. Yeah.

**Kyle Forgeard**

**00:17:27**

Would you do that?

**Donald Trump**

**00:17:28**

Oh, sure I would.

**Kyle Forgeard**

**00:17:29**

I think Joe, like besides us Joe.

**Donald Trump**

00:17:31

I think I'm doing it.

**Kyle Forgeard**

00:17:32

Uh, yeah. So you are gonna do Joe Rogan? Um, that's gonna be great. I think he should have had you on a long time ago cuz he's the best in the game.

**Donald Trump**

00:17:40

But is he the best really?

**Kyle Forgeard**

00:17:41

I think besides.

**Aaron Steinberg**

00:17:42

Well, us and two other Bradley Martin's here as well.

**Bradley Martyn**

00:17:45

Yeah, I mean Joe's obviously.

**Kyle Forgeard**

00:17:46

No, but Joe's the goat.

**Donald Trump**

00:17:48

Give us the order. Go ahead. What is it?

**Kyle Forgeard**

00:17:50

Joe Rogan's. Joe Rogan's the best in the game for sure. And I think, uh, you know, Joe.

**Donald Trump**

00:17:55

Became so well known because of the UFC and he does a great job with that. Right. What was it that made Joe the.

**Kyle Forgeard**

00:18:01

Best during COVID You know, he was very outspoken on all the corruption going on during COVID And I think that's personally when I started watching him a lot, too, and just.

He's an honest guy, too. Right?

**Donald Trump**

00:18:12

He is.

**Kyle Forgeard**

00:18:13

So I think.

**Donald Trump**

00:18:14

Good guy.

**Kyle Forgeard**

00:18:14

Good guy. And I think you guys together would just.

**Donald Trump**

00:18:16

He's got a good voice. That's important. Yeah, he's got a good voice.

**Kyle Forgeard**

00:18:19

Been with the UFC for a long time right now.

**Donald Trump**

00:18:21

He's done it great. He does it incredibly, and that's a whole incredible thing. Right.

**Kyle Forgeard**

00:18:26

Who's your favorite?

**Donald Trump**

00:18:26

I just wonder. My favorite fighter.

**Kyle Forgeard**

00:18:28

Favorite fighters, or three favorites?

**Donald Trump**

00:18:30

So I really like. But, you know, so I talked to Dana about this a lot. Who's the best? Right? So a lot of people say Jon Jones is the best. He's fighting soon, November, and, um, let's see, right after the election, I don't know. I'll either be in a very good mood or I won't.

You're going to be in a good mood.

**Donald Trump**

**00:18:49**

I hope so. But, uh. Yes, right after the election. But you would say, uh, Khabib. Some people would say khabib. You know, Khabib.

**Kyle Forgeard**

**00:18:58**

Khabib is so.

**Donald Trump**

**00:18:59**

He's 28 and o. 29, 28. I know. And they say he never lost a round. Did you ever hear that? He never lost one round.

**Kyle Forgeard**

**00:19:06**

He just mauled people.

**Donald Trump**

**00:19:07**

Yeah, he was great. And then he retired. His father died, and his father was his manager and, I guess trainer and all, and he died. Uh, and he just said, that's it. But I would say that he couldn't do better.

**Kyle Forgeard**

**00:19:22**

He's a big supporter of yours, too. Khabib.

**Donald Trump**

**00:19:24**

I heard that. I heard that.

**Kyle Forgeard**

**00:19:26**

I saw him come up to you.

**Donald Trump**

**00:19:27**

I met him at one of the fights.

**Kyle Forgeard**

**00:19:28**

Remember what he said to you? I saw him come up to you at UFC. He looked like he was really passionate about something.

No, he's great. You know what he wanted to talk about? He wanted to say, is there any way you could stop the war? Because so many people are being killed. So, you know, he has a heart. He's smart. How can you stop the war?

**Bradley Martyn**

**00:19:45**

Can I ask you a question?

**Donald Trump**

**00:19:46**

And we'll get it stopped. By the way, that's with Ukraine and Russia.

**Bradley Martyn**

**00:19:50**

Uh, we did a podcast with RFK recently, and we've talked about sort of like the deep state, and I know you've talked about this on other occasions. How do we. And how would you actually make an effective change there? Cause it seems like Americans as a whole feel like their money is obviously, when we're spending it, our inflation is way up.

**Bradley Martyn**

**00:20:09**

But also, a lot of our tax dollars seem to go overseas and foreign interest. How do we actually, stop that, because there's so much power behind that. As far as, like, the military.

**Donald Trump**

**00:20:16**

Yes.

**Bradley Martyn**

**00:20:17**

I guess the giving of american money overseas.

**Donald Trump**

**00:20:20**

Oh, yeah.

**Bradley Martyn**

**00:20:21**

And, like, how do we keep, keep more of that money here for Americans? Because there's this whole, there's this grip of, you know, the military industrial complex and sending the money, and it's going to, you know, american companies. It's like, how do we even beat something that's so strong?

**Donald Trump**

**00:20:35**

One of the big things is trade, because we get taken advantage of on trade. If you guys were a little bit older, I'd say we get screwed on trade for years. A lot of times it's our

friends that do it. You know, we have Japan, uh, and the European Union, all this, and we're changing that whole thing around.

**Donald Trump**

**00:20:55**

We're going to bring our company. The company's back. And you're right, it's a good question. We're bringing them back. We're going to keep our money here. We're going to pay down debt. We're going to. I, uh, talk about liquid gold. We have more liquid gold, oil and gas than any other country in the world, more than Saudi Arabia, more than Russia, and we're going to use it.

**Donald Trump**

**00:21:13**

We don't use it. We don't use it fully. We could supply the whole world, and we're going to pay down debt, and we're going to do great things, and we're going to. That's why I'm doing. Now, in fact, I have to go, because I have to go right now to Coachella, and I think a couple of you guys are coming with me, and it's gonna be fun.

**Donald Trump**

**00:21:30**

But we have a big crowd. Do you have any idea how big the crowd is? No, I'm hearing it's big.

**Aaron Steinberg**

**00:21:35**

We all know your rallies are the biggest, so.

**Donald Trump**

**00:21:37**

Huh?

**Aaron Steinberg**

**00:21:37**

We know your rallies are the biggest.

**Donald Trump**

**00:21:39**

We have great rallies. I like this guy, you know, there you go.

**Aaron Steinberg**

**00:21:43**

Stein, I have to ask you about this. There's a very viral clip of you or someone telling a story about you. Uh, you had a meeting with a leader of the Taliban, and you said, if you hurt any Americans, I will kill you. And you gave him a picture of his house and his location.

I just want to verify if that's a true.

**Donald Trump**

**00:22:03**

Well, I'm not allowed to comment on it, really, but let's put it this way. For 18 months, we were losing a lot of soldiers with the Taliban in Afghanistan. And for 18 months, we didn't lose any. We didn't lose one soldier, not one and then I left and these clowns took over. And then we had the worst.

**Donald Trump**

**00:22:22**

You know, that whole situation was horrible, right, with the airlift and the whole thing and people falling off the airplanes.

**Kyle Forgeard**

**00:22:27**

It was sad. Uh, I remember at the RNC, I was there, too. And when those gold star families came out and told their stories, it was just insane.

**Donald Trump**

**00:22:36**

They lost 13 and many people so badly hurt. You know, nobody ever talks about them. Like, the legs missing and the arms missing and the face obliterated. And, um, that was all Biden. That was Biden's fault. Just like in her fault. She's the vice president. Did you see the other day where she said, no, I agree with everything he did.

**Donald Trump**

**00:22:59**

That was a killer? Her staff said, you gotta be kidding. You couldn't have said that because all the bad things they did. 325,000 children are missing. Did you know that?

**Bradley Martyn**

**00:23:11**

325, is it just like purposeful negligence or is it just like knowing and.

**Donald Trump**

**00:23:16**

Maybe bad but incompetence? But you didn't hear that. 325,000 kids, they never write about the papers. Probably dead, many of them, or sex slavery. But 325,000 young, uh, children are dead, coming through the border. Can you believe that? And you don't even hear about it. The press, the fake news, doesn't want to write about it.

**Donald Trump**

**00:23:39**

They want to write. If you talk about an election, but they don't want to write about that. 325,000 kids are dead because of Biden and Kamala. Now we're going to straighten the

country out, and we're going to get the bad guys out of our country very fast. The killers, the murderers, the drug dealers, we're going to get them out.

**Kyle Forgeard**

**00:23:57**

And, yeah, the whole media obviously has just been against you. And I feel like it's flipping now. But even the talk show hosts, how, uh, we talked about 60 minutes, we wanted to do this with you. The talk show host, are they great or do we need to make them great again and kind of go one by one here?

**Donald Trump**

**00:24:14**

Oh, he's terrible.

**Kyle Forgeard**

**00:24:15**

Great or great again? Jimmy Kimmel.

**Donald Trump**

**00:24:16**

Well, he's not, you know, he's not. First of all, they all have bad ratings. The one that's the most successful is Greg.

**Bradley Martyn**

**00:24:24**

Is who?

**Donald Trump**

**00:24:25**

Greg Gutfeld.

**Kyle Forgeard**

**00:24:27**

So Jimmy Kimmel. We got to make him great.

**Donald Trump**

**00:24:29**

Jimmy Kimmel's a loser. Look, we would do Jimmy Kimmel. I'd do Jimmy Kimmel. I did him a lot of. He used to greet me on the sidewalk outside of his studio. Id come in. This was before politics, of course, but id come in and hed be standing on the sidewalk. Oh, sir, may I bring you in?

**Donald Trump**

**00:24:47**

Hed bring me in every time. And then I ran for politics. I never, you know, got involved with him much, but, uh, switch up. All they do is talk bad about Trump. Thats all. The whole show is talking bad about Trump. Theyre all equally bad. Uh, but we'll go through the, the

view.

**Donald Trump**

**00:25:04**

I know them. So whoopi's a filthy, filthy mouth on her. I went to, I've hired whoopi over the years, you know, at hotels that I own. We hired her once and I went, she was so filthy, disgusting, dirty with her mouth that I, the whole group left. There was nobody watching her. She was a comedian.

**Donald Trump**

**00:25:23**

And you know what? Nobody knows this. She said, I admire you so much. Would you do me a favor? What? Would you do a cameo in a movie I'm making? I did a cameo in some crummy movie she made. Um, and then I run for politics. Uh, Joy is, you know, she thought the world was flat.

**Donald Trump**

**00:25:42**

You saw that, right? Joy is dumb. The other one worked for me. She wrote a letter, one of them, I don't, whatever her name is, she worked for me in the White House. She writes a letter. This was the greatest experience. You're the greatest president. I love you. You're the greatest president. There's nobody, we have the letter someplace.

**Donald Trump**

**00:26:01**

It's a letter that she wrote when she left the White House. Then all of a sudden, they hire her and she goes negative. Okay. You know, they said, hey, we'll give you a lot of money if you go negative, whatever her name is. Uh, let's see the other two. I didn't know. Oh, this guy I know, Jimmy Fallon.

**Kyle Forgeard**

**00:26:17**

Jimmy Fallon.

**Donald Trump**

**00:26:18**

I'm telling you, I hate to use, but they're all losers. They're all lightweights, though, this guy. So I'm on his show before politics, many times. Uh, but him and before him, it makes you realize how great Johnny Carson was. Actually, that's the only thing because there's nothing to watch. Their ratings are horrible.

**Donald Trump**

**00:26:42**

They're cutting him back to four days, which is, can you imagine cutting Johnny Carson back to four days? That didn't happen. But Johnny Carson M, I grew up with him and others that were very talented, these people. So Jimmy Fallon asks me if he could do one thing,

could he play with my hair?

**Donald Trump**

**00:27:00**

And I said, what do you want to do that for? I want to see if it's real. It is real, but if you have to do it, you can do it. So he didn't just play. He puts his hand in my hair and he went crazy. And the audience went wild and they loved it.

**Donald Trump**

**00:27:16**

And that was the end of that. And it played, and he got very high ratings on the show. Six months later, he stood up. He was, he was, the radical left went after him because they humanized me. And six months later, they, he goes up, he goes up on the show and he said, I'd like to apologize for doing that.

**Donald Trump**

**00:27:35**

I didn't realize I was going to humanize. Um, he was a nice guy and he was doing badly, but he was. Now he's doing much worse. He lost his whole audience when he did that. You know, another loser is Howard Stern.

**Bradley Martyn**

**00:27:47**

He's on that list.

**Donald Trump**

**00:27:48**

Yeah. When he left me. Cause I dropped him, I didn't want to do a show anymore. Howard Stern when, uh, because he was considering Hillary. He's not for Hillary. He's not for Hillary. But he wanted to be politically correct or something. Didn't work out too well. His show's practically dead, I think. I don't know.

**Donald Trump**

**00:28:05**

I mean, I haven't heard his name in the. But now he did an interview with her. It was so sad. He's like asking her all these easy questions, like written out, oh, and what do you think about this? And what do you think about that? And it was, it's just a different guy.

**Donald Trump**

**00:28:24**

I used to do a show. I had numerous of his top ten shows ever. You know, they had a top ten list, right. Today, I understand they disbanded the list because I was on it so much. Greg Gutfeld is great. Greg Gutfeld didnt like me when he first started. He just didnt like me.

And then I could watch. It was a beautiful thing. He said, you know, I don't like him, but he said he was going to knock out ISIS. And he did. He said he was going to, uh, have a strong border. And he did. He said employment, everything was good. He said, I'm starting to like him.

**Donald Trump**

**00:28:59**

Um, then a little more time goes by. He said, well, am I better off liking somebody who's incompetent or not liking somebody? And everything he does works out great for the country. And he ended up liking me a lot. But I did his show two weeks ago, and his ratings were the highest ratings he's ever had.

**Donald Trump**

**00:29:22**

Did you know that?

**Kyle Forgeard**

**00:29:23**

No, I saw it. It was funny. It was really good.

**Donald Trump**

**00:29:26**

Uh, his show was, and there's some nice people. Tyrus is great, you know, really nice people. But his show was the highest rated show he's ever had. And he won the week on television, so that's good. But I really like Greg Greg is good. Greg is talented. Now, the other one on CB's is just crazy.

**Donald Trump**

**00:29:45**

This one. Stephen Colbert, all he does is talk about me. I don't watch it, but all he does is talk about me. Did you ever hear of Trump Derangement syndrome? He's got it more than he's got it for sure. Well, Kimmel has it, too. Kimmel has it too.

**Aaron Steinberg**

**00:29:58**

Kimmel threw shots at us for having you on the first time he called us.

**Kyle Forgeard**

**00:30:01**

He called us doofuses when we had you on.

**Donald Trump**

**00:30:02**

You know what you do and guess what? We ask him how many what?

**Aaron Steinberg**

**00:30:05**

He did.

**Donald Trump**

**00:30:05**

Ask him. Yeah. You do bigger. Yeah. Yeah. His show's dying. This one show is dying. Colbert is dying. I don't know. They get paid, I assume, a lot of money.

**Aaron Steinberg**

**00:30:14**

Yeah.

**Donald Trump**

**00:30:15**

I could get guys for \$75,000 a year that have far more talent than him. I'll take, uh, as an example any one of you, but we could put people on that have for peters. So Greg Gutfeld is the only one that's really got talent. He does have talent. He's got an amazing talent.

**Aaron Steinberg**

**00:30:37**

I want to ask you because, uh, that Al Smith charity dinner years ago, you went up on stage and you pointed out and called out Chuck Schumer. He used to be my friend. This person used to be my friend. And they switched up on you. And it's happening next week, I think the dinner.

**Donald Trump**

**00:30:51**

I'm the, I'm the speaker. Yeah.

**Aaron Steinberg**

**00:30:53**

Has anybody come around and apologize or come back to your support?

**Donald Trump**

**00:30:57**

Sometimes they do. And sometimes they said, do you mind keeping it quiet? Yeah, I have a lot. Does that bother, you know, they people go into the voter booth and they vote for me and then they go on a television show and they'll say, what bad stuff.

**Bradley Martyn**

**00:31:10**

What's the fear around it? Just that you're like, you're against what they're for.

**Donald Trump**

**00:31:14**

So its a very interesting phenomena. I shouldnt be unhappy about it, but I dont know. Its, uh, a liberal bent in the country, and people think that theyre better off being that side, even though it doesnt work. In other words, its politically correct. But the country would

die if you went with that.

**Donald Trump**

**00:31:33**

It would absolutely die. Um, they vote for me. They vote for me. I do well in California. If we had an honest vote, im telling you, in California, I think id win California.

**Kyle Forgeard**

**00:31:45**

I saw the support at the Long island. One in New York, too. That was crazy.

**Donald Trump**

**00:31:48**

So I did one in Long Island. I had the arena, right? The islander arena, the, uh, I think it's called Nassau Coliseum. Or something. It's the equivalent of, like, Madison Square Garden. I just signed on Madison Square Garden. I hope you guys. Hey, you guys have to come.

**Kyle Forgeard**

**00:32:03**

We'll come.

**Donald Trump**

**00:32:03**

We'll be there. Oh, I want you to come and I'll sell it out very quickly. Look, we're going to a place. I don't know what the number is going to be, but in Butler, Pennsylvania, the other day, we had 101,000 people. You saw that, right?

**Bradley Martyn**

**00:32:17**

Yeah, it was amazing.

**Donald Trump**

**00:32:18**

101,000. It was honoring Corey, the firefighter, who was great.

**Kyle Forgeard**

**00:32:22**

Wow.

**Donald Trump**

**00:32:23**

But he died, you know, he died at a rally. He was shot by a lunatic. And two other people were supposed to die, but they had great doctors and they didn't. Um. But we had 101,000 people. I think you're going to have a lot of people today.

**Kyle Forgeard**

**00:32:38**

A lot.

**Donald Trump**

00:32:39

Now here's the bad news. It's going to be 102 degrees. So I have to go.

**Kyle Forgeard**

00:32:42

Okay.

**Donald Trump**

00:32:43

And you're coming with me.

**Kyle Forgeard**

00:32:44

We're coming with you on the plane. We appreciate you having us, President Trump.

**Donald Trump**

00:32:47

Because I see my people are going crazy over there.

**Bradley Martyn**

00:32:49

Well, that's it.

**Donald Trump**

00:32:50

At a certain point, you know, at a certain point, you don't mind if they go crazy, but then you say, okay, it's time to go. Time to go, right? Okay.

**Kyle Forgeard**

00:33:00

Like you told us back in the day, never fold. Four years ago, and we never fold them. You never gonna fold.

**Donald Trump**

00:33:05

By the way, uh, for your. They never folded. They said, we're not going to take it. And we all took it together. Right?

**Kyle Forgeard**

00:33:12

Took it together.

**Donald Trump**

00:33:12

But I did predict what was going to happen. You did, but you set your all time record,

right?

**Kyle Forgeard**

**00:33:16**

Oh, I think it was the YouTube record.

**Donald Trump**

**00:33:18**

You had 12 million people in, like, a matter of minutes. And then they said, we're not going to. All because I wanted to say how corrupt the election was, and I told you that would happen. They can't defend it, so what they do is they try and, uh, stifle it.

**Kyle Forgeard**

**00:33:35**

Yep.

**Donald Trump**

**00:33:35**

That's pretty bad. It's pretty bad. Can I ask one more question? Yeah.

**Bradley Martyn**

**00:33:38**

When you win, how do you plan to unify sort of the divide in the country as far as left and.

**Donald Trump**

**00:33:44**

Right by coming back on your show?

**Kyle Forgeard**

**00:33:47**

Should we do it at the White House?

**Donald Trump**

**00:33:48**

Actually? Success is going to unify the country.

**Bradley Martyn**

**00:33:50**

Yeah.

**Donald Trump**

**00:33:51**

Yeah. I had that. We were so successful and this country was getting unified. People that you would have never thought would have been involved and talk. They were calling, they wanted, they were meeting radical left people, very liberal, liberal Democrats. We had the best numbers. Everything was the best. We had the best numbers, we had the best trades, we had the best employment, uh, numbers, african american, asian american, hispanic

American, men, women, high school education, uh, a degree from MIT, Harvard, and the Wharton School of finance.

**Donald Trump**

00:34:28

Right? Everybody was doing the best and the country was becoming unified. And I saw it. I wouldn't have said this. I wouldn't have given you this answer otherwise. Success will unify the country.

**Kyle Forgeard**

00:34:41

Awesome. We'll do the next one in the White House.

**Donald Trump**

00:34:43

We'll do it.

**Kyle Forgeard**

00:34:44

Let's do it. Thank you, President Trump.

**Donald Trump**

00:34:46

You guys are great guys. You have a good thing going.

**Kyle Forgeard**

00:34:48

Thank you so much, everybody get out there and vote.

**Aaron Steinberg**

00:34:50

Who would have thought I'd be here again?

**Donald Trump**

00:34:52

Get out and vote. Make sure you vote for Trump now. If you don't vote for Trump, don't vote. Don't vote.

**Kyle Forgeard**

00:34:57

Thank you.

**Bradley Martyn**

00:34:59

Thank you, Trump.
