I feel responsible. I mean, we asked them. They put out a piece of paper saying, you know, go through the tunnel, don't go outside. They say they got stuff, but they can't tell us what it is. It's too, too prepared.

Nancy Pelosi 00:00:15

Don't want the other side to know. We have responsibility, Terry. We did not have any accountability for what was going on there, and we should have. This is ridiculous. Ridiculous.

Nancy Pelosi 00:00:27

You're going to ask me in the middle of the thing when they've already breached the inaugural stuff that should we call the Capitol police? I mean, the, uh, National Guard? Why weren't the National Guard there to begin with? They thought that they had sufficient responsibility. No, there's not a question of how they had.

Nancy Pelosi

00:00:49

They don't know. They clearly didn't know. And I take responsibility for not having them just prepare for more. Because it's stupid that we should be in a situation like this because they thought they had what? They thought these people would act civilized.

Nancy Pelosi

00:01:07

They thought these people gave a damn. What is it that is missing here in terms of anticipation?

Nancy Pelosi

00:01:17

They give us a piece of paper. It says, mister McGovernous.

Nancy Pelosi

00:01:26

So what's the prospect? We're gonna stay here all day for the rest of our lives or what? We're here until what? Until the National Guard decides to come and get rid of these people?

Nancy Pelosi

00:01:44

Oh, my God. I can't believe the stupidity. I take full responsibility.

I just feel sick that what he did to the Capitol and to the country today, so he's got to pay a price from that. We take an oath to protect our country from all enemies, foreign and domestic. There is a domestic enemy in the White House, and let's not.
