- Conservative idea is that parents and families should determine what children learn. Randy Weingarten, head of the most powerful teachers union in the country, doesn't have a single child. If she wants to brainwash and destroy the minds of children, she should have some of her own and leave ours to hell alone.

And I think our conservative idea is that parents and families should determine what children learn, what values they are brought up with. You know, so many of the leaders of the left, and I hate to be so personal about this, but there are people without kids trying to brainwash the minds of, uh, our children. And that really disorients me, and it really disturbs me. Randy Weingarten, who's the head of the most powerful teachers union in the country, she doesn't have a single child. If she wants to brainwash and destroy the minds of children, she should have some of her own and leave ours to hell alone.
